"Receiving the Delta Theta Chi Marie Miller Graham Scholarship was a great honor. It has helped me very much by financially aiding me this school year. The scholarship is a motivation to strive academically and personally in college. It is allowing me to achieve my dreams of becoming an elementary school teacher. Because of this scholarship, I will be able to pay my gratitude forward someday by giving back to the younger generations."

IN Gamma member Janice Marvin with daughter and granddaughter Morgan Rupert.

"Thank you for allowing me to apply for this scholarship. I am now in my second semester of my freshman year and truly enjoying it. I am very busy with being the nursery supervisor at my church, working at my family's hotdog Restaurant, and subbing in my spare time. I have really enjoyed substituting as it is an experience for me to get into the school and see if that is what I really want to do, and it is definitely what I love. Thank you once again."

In addition to research, I am developing my counseling skills. After graduation, I plan to pursue graduate studies and my hope is to use these skills to make a difference in the lives of others."
