### *The Evel Knievel Museum*

At historic Harley-Davidson

Named a top 5 U.S. Museum

In addition to a large number of artifacts, the Evel Knievel Thrill Show and Museum features experiential exhibits focused on the physics of jumps, the broken bones Evel sustained, how engines work – and a virtual reality jump.

- Several, original performance leathers and helmets – including the helmet Knievel wore on May 26, 1975, when he crashed while trying to land a jump over 14 buses at Wembley Stadium in London
- Many of Knievel’s jump motorcycles – including his first Harley Davidson: A 1970 XR750 Ironhead, which would become his preferred model, and the Laverda American Eagle
- A larger-than-life bronze and copper statue; and
- Parachutes, pinball games, fan letters photographs, X-Rays and more

**Fun Evel Knievel fact:** He hold the Guinness World Record for surviving the most broken bones in a lifetime at 433.

#### **Why Topeka?**
